## U.S. STEEL MADE GAIN

'An Inspired Rumor Responsible for Its Recovery After a Long Drop.

### CALL MONEY MARKET STIFF

Per Cent. Rose to 71-2, Caused by the Demand, But it Was Viewed With Equanimity.

(By Associated Press.)

NEW YORK, November 23.—To-day's stock market stood up well in the face of a number of untoward circumstances, and closed quite firm at the top level of the day, and on the most active market of the day. Southern Pacific assumed the leadership of an early advance, which was closed quite firm at the top level of the day, and on the most active market of the day. Southern Pacific assumed the leadership of an early advance, which was rather decidedly checked by an outpouring of United States Steel preferred, which carried the stock down to 50 1-2 and awakened renewed apprehension of its rurther demoralizing effect on the whole stock market. The persistence with which estock market. The persistence with which stock market. The persistence with which stock market. The persistence with which market in the common stock is to be suspiciously the stock market. The persistence with which stock market in the perferred stock in the preferred stock in the preduced has made its impression upon speculative sentiment.

The susgestion which found its way to the public to-day, with the appearance of the public to-day, with the appearance of the public to-day, with the corporation's privilege to issue \$50,000,000 to second bonds to retire preferred stock, weemed to draw a more reassurring effect on the spoulators and helped in the recovery of United States Steel preferred. The stiffness of the chill money market was another deterned factor towards the rise. Call loans touched 7 1-2 per cent. Whille he demand for money which was another deterned factor towards the rise. Call loans touched 7 1-2 per cent. While he demand for money which caused the rise was more yeased as normal to the last week of the month.

Another factor of possible disturbance was the collapse in Republic Steel preferred, which lost 7 points of the day. There was no sympathetic response to this, outside of a few other from and steel stocks. Creumstantial reports were in circulation of the necessibes of the company for additional capital, which it was alleged would be met by a bond issue, as well as by reducing the dividend on the preferred stock.

A considerable sustaining influence in the market was the strong tone of the local market.

The bond market was more active but yspeculators as confirmatory of rumors in the fact call.

United States bonds were unchanged on the fast call. Total sales of stocks were 456,460 shares.

### DECLINE IN STEEL

#### Loss of Eleven Points in Few Days Give Rise to Rumors.

Days Give Rise to Rumors.

(By Associated Press.)

NEW YORK, Nov. 23.—A six point decline in the preferred stock of the Republic Iron and Steel Company on the stock exchange to-day made a drop of it points since last Friday, was accompanied by various rimors concerning the corporation's condition. It is said that a plan was under way to secure additional working capital by issuing new bonds, but of this a leading director said he knew nothing, neither could he offer any explanation for the severe slump in the stock. The regular quarterly meeting of the directors will be held in this city on Monday next, and it is expected that some statement regarding the company's affairs will then be assured.

During the day the stock lost altogether 7 points, closing at 60 1-4, with sales of upwards of 27,000.

#### TEXAS MAN APPOINTED INSPECTOR COTTON FARMS

(By Associated Press.)

HERLIN, Nov. 23.—J. B. G. Becker, of plockley, Texas, has been appointed government inspector of cotton on the plantations of German East Africa. His neadquarters will be at Dar-Es-Salaam. The official announcement of his appointment was accompanied by the statement that Mr. Becker formerly held 'the honorable office of county commissioners.' The German East Africa cotton crop last season, produced under the direction of some of Booker T. Washington's pupils, amounted to life bales. Fresh showings this year are expected to triple this crop. Togoland, German West Africa, also yields several hundred bales.

The German chambers of commerce are nergetically supporting the development of cotton growins, but it is recognized that the growing of cotton in the German colonies must remain inconsiderable unit railroads into the interior are built.

### DISBANDMENT OF MANY COMPANIES

An Interesting Order That Has Been Issued by the - Governor.

By order of the Governor there has of seven companies of State militia, every one of which will be disbanded within sxty days unless it recruits its membership sufficiently to meet the average required.

age required.

It is possible that one of the seven—a Richmond company will fall to come up to the mark, and will be disbanded. The others, some of whom lack but one, or three, or five members, will probably pull up and get through all right. Still the prospect opened up las striking one, and it will doubtless startle some of the military commanders to business. The requirements is for at less fifty-one members in each company. The companies summoned for the inspection are B and C, of Richmond: D, of Charlottesville; I, of Farmville, and L, of Fredericksburg, all of the Seventieth Regiment, and Company D and K of the Seventy-first. They will be inspected within sixty days, beginning November 20th.

The election of a major for the First Battallon of the Seventieth Regiment has been postponed from Thursday of this week until December 16th.

Three companies of the Seventieth, F, A and H, have just been furnished with the new army magazine riffe. All the other companies will be similarly provided as soon as the supplies can arrive.

#### CAR AND BUGGY COLLIDE

Messrs. Shepherd and Herrin Slightly Hurt.

Slightly Hurt.

Through a collision with a street car, Mr. W. H. Shepherd and Mr. Hunter Herrin, two residents of the county, who were in their biggy, were hurt by being thrown out, near Sixth and Broad Streets, yesterday afternoon. The huggy was badly damaged. Mr. Shepherd was bruised in the side, and Mr. Herrin was, hurt on tha head. The latter was taken to the Virginia Hospital, and treated.

His injury was not serious, and he later went to his home in the county, beyond Barton Heights. Mr. Shepherd took the broken buggy home. An Oakwood car did the damage, and it is a question as to who was to blame.

#### Henrico Notes.

In the Henrico County Court yesterday
if B. Crone, charged with stealing 450
from Annie Corra, was given six months
in jail and fined \$10.
John Meredith, charged with striking
and wounding T. A. Tallaferro with intent
to maim, disable, disfigure and kill, will
be tried at 3 o'clock this afternoon before
Squire James T. Lews.

A marriage license was issued yesterday to Emmett Pruner and Mary Bulheller, both of Henrico.
